

# SIMSWeb Enhancement

SIMS 2006 User Conference  
( Steve Ryckman)

## New Features

- SIMSWeb “Lite” which allows access from PDS’s is now available to all sites on software maintenance at no additional charge.
- Writing of audit trail and other information into SIMS II history files,
- Support for email and faxing through ComServer program.
- Secure HTTPS/SSL accelerator support.

## SIMSWeb Lite

- PocketIE on PocketPC or Windows Mobile PDA's.
- Screens reduced greatly to support lower bandwidth of wireless devices.
- Same username/passwords work dealers use for regular SIMSWeb work on "Lite".
- No additional server hardware is required.

# Audit Trail history

2801 W Parker Road

DATE	TIME	AOCT NAME	AOCT NO.	OPERATOR
03/03/05	13:54:02	Tequila Willies (field): Update#: KC300001 (from): SW User: ACME-SIM (to): Changed: Premise Information	01-01-0001	SIM

# Report Writing

The screenshot shows a web browser window with the URL <https://web.simsware.com:144>. The page has a menu bar with 'Email', 'Fax', and 'Save'. A 'Send Fax' form is open, containing the following fields:

- Attention: John Doe
- Fax Numbers: (872) 812-2445
- From: Steve Ryckman

A 'Send Fax' button is located at the bottom of the form. Below the form, a list of accounts is displayed:

NUMBER	CLASS
0001	
0002	
0003	
0004	
0005	
0006	
0007	
2349	
0008	
0009	
0010	
0011	

Below the account list, the following text is visible:

- SIA: Generic: Tone: Account
- Modem: II: Generic: Tone: Account
- Code Alarm: Generic: Tone: Account
- Waste: Generic: Tone: Account
- Danish AlarmNet: Generic: Tone: Account
- SIMS Receiver Line Test: Tone: Account
- Seaco: Superfax: Tone: Account
- SIMS ComServer: Message: Account

The screenshot shows a web browser window with the URL <https://web.simsware.com:144>. The page has a menu bar with 'Email', 'Fax', and 'Save'. A 'Send Email' form is open, containing the following fields:

- Email To: johndoe@simsware.com
- Subject: SIMSWeb Report: 20050318\_164848
- From Name: Steve Ryckman

A 'Send Email' button is located at the bottom of the form.

## SSL/HTTPS Encryption

- SSL/HTTP encryption possible using a third party SSL Accelerator such as the Sonicwall SSL-R

The background of the slide is a dark blue gradient with several bright, glowing, wavy lines that sweep across the top and middle of the frame, creating a sense of motion and depth. The lines are semi-transparent and overlap each other, with some appearing as bright white-blue highlights against the darker blue background.
